NASAD and CIDA ACCREDITED

La Roche College is one of only two colleges in the area to be fully accredited by the National Association of Schools of Art & Design (NASAD). In addition, our Interior Design Program has been accredited by CIDA continuously since 1985, giving us the distinction of achieving and holding CIDA accreditation longer than any other Pittsburgh Interior Design program. At La Roche, you will receive a level of education that will prepare you for the profession and allow you to sit for the national certification exam administered by the National Council of Interior Design Qualification.
